Auditions 5:00-8:30pm

Following the Thursday auditions, the staff will begin to form dance groups for the season.

After groups are formed, then a schedule will be prepared for the season.

When the schedule is prepared, then each individual dancer's schedule will be prepared.

Once all of these steps are finished we will send out a Remind message saying that we are beginning to send out schedules to individual dancers via email. We usually begin with the youngest dancers and then move through finishing up with the oldest dancers.

When all emails have been sent out we will send out a Remind message saying all emails have been sent. If anyone did not receive an email you can let us know you didn't receive an email and we can follow up.

We are usually ready to send emails on Sunday or Monday.
